

### **Forum Theme:**

The New World of School Feeding: More Important than Ever

Le nouveau monde de l'alimentation scolaire: Plus important que jamais

### **Forum Objectives**

1. Explore why school feeding is important during the COVID-19 pandemic and how the related challenges are affecting countries' ability to deliver food to school-age children
2. Explore strategies for continuing school feeding programs during the pandemic and for strengthening them moving forward
3. Provide an opportunity to keep the global school meal network united and focused in these challenging times

### **Global Child Nutrition Forum- Pacific Regional Meeting**

Join this facilitated regional meeting for the opportunity to join in the discussion around the following key points and add your voice to the report out for this region during the Forum.

### **Meeting Objectives:**

Status check: What is the current state of collaboration between the countries now?

Priority setting: What are the shared opportunities and challenges that need priority attention?

Action plan: What can the participants do to improve the collaboration/sharing, for helping more of the region's children to thrive?
